

NEW from
ZON®

**All-Digital
 Multi-Room
 Audio**

**Multi Featured.
 Mini Priced.
 iPod® Ready.**

The new half-sized multi-featured ZAC-30™ is an economical way to expand a ZON system into secondary locations such as master bathrooms or sunrooms. It's the size of a single gang light switch plate and has many features of the premium ZAC-60 product including ZON's signature digital audio distribution and powerful on-board amplification. Like all ZON products, the ZAC-30 is iPod ready with convenient connection points throughout the home enabling iPod audio and control* in all listening areas. ZON also digitally processes iPod audio right at the connection point ensuring the best sound possible everywhere in your home.
